Laksmita Widya Astuti

Frontend Engineer (React/TypeScript)
Yogyakarta, Indonesia

Summary

Front End Engineer with over 5 years of experience building scalable web, mobile, and desktop applications. Proficient in ReactJS, TypeScript, and modern development practices

Experience

Axrail.ai
Frontend Developer
March 2025 - Present (1 year)
Indonesia

AccelByte Inc
Frontend Engineer
September 2019 - November 2024 (5 years 3 months)
Indonesia

- Develop, maintain, and support web and desktop applications (specifically for Gaming Services) using ReactJS (both core library and frameworks like Remix and Electron), Astro, Redux, Zod, TypeScript, antd design system and SASS/CSS.
- Implement the Backend-for-Frontend (BFF) pattern using Node.js frameworks such as Express and Koa, with Redis for caching.
- Collaborate with the Frontend team to develop and maintain a monorepo project, streamlining code management and enhancing development efficiency across multiple applications using yarn monorepo.
- Collaborate with the UI team to develop a design system and build reusable components using Storybook.
- Participate in the full software development lifecycle, including planning, coding, testing, and production release/maintenance, following agile methodologies like Scrum.
- Develop and implement end-to-end testing with tools like Jest, React Testing Library, and Mock Service Worker.

OKKAMI INC
React Native Developer

January 2018 - August 2019 (1 year 8 months)

Bangkok, Thailand

- Develop, maintain, and support mobile applications for hotel systems, focusing on digital guest engagement and staff management platforms in the hospitality industry, using React Native, Redux, and Sagas.
- Create and maintain unit tests using Jest to ensure high code quality.
- Participate in all phases of the software development lifecycle, including planning, coding, testing, and production release, following agile methodologies such as Scrum.
- Improve code documentation and address performance issues to enhance overall application performance and maintainability.

Ralali.com - B2B Marketplace

Quality Assurance

June 2017 - February 2018 (9 months)

Yogyakarta Area, Yogyakarta, Indonesia
